

Charges Of Extravagance, Mismanagement And Graft Offers In The Camp Sherman Investigation

COLUMBUS, O., Oct. 29.—Testimony given today by a witness in the investigation of the construction of Camp Sherman here today.

The witness giving the sensational testimony was M. E. Stevenson, Columbus, a building contractor who was employed as a construction foreman by the A. H. Bailey & Sons Company, general contractors, Toledo. The investigation is being conducted by a subcommittee, composed of Representatives Jesse McCallister, of Ohio, and McKelvie, of Illinois, Republicans, and Dornan, Michigan, Democrat.

Stevenson's testimony was given chiefly in connection with the construction of a two-story building in Section 111, on which he was the foreman of carpenters. He declared that though the building was not yet completed when he was discharged, as he believed, because he would not enter into a proposition for graft made by a time keeper by the name of Johnson, the labor cost had reached approximately \$7,000, when it should not have exceeded \$300.

Asked by Mr. McCallister the reason for such excessive labor cost, Stevenson said it was due to mismanagement, poor delivery of material and the employment of inexperienced men. He said out of 35 men assigned him for work on the building, only five were experienced carpenters, the others being high school students, one a bartender, a manual training teacher and common laborers, who never had done carpenter work. All were paid the union carpenter scale of wages of 60 cents per hour for ten hours and double time for Sundays and overtime.

Stevenson said these conditions were called generally throughout the entire camp and declared that the labor cost was 50 per cent more than it should have been. "At least fifty percent of the labor cost could have been saved," he said. "There were so many inexperienced men employed that construction was greatly retarded by them getting in each other's way. I recall an incident where fifty of these men were employed in putting a roof on a temporary labor quarters. There were so many on the roof that it gave way, causing the building to collapse, injuring some of them."

About three days before he was discharged, Stevenson said, the time keeper came to him and proposed that he keep men no longer needed on the job. Stevenson would have been glad to pay roll by their numbers, report them as being employed, draw the money for the fictitious labor and split among Johnson, the time keeper, himself and Vandermark, the section foreman. He said he refused to do this and his discharge followed. He was unable to give the first names or the residence of either Johnson or Vandermark.

Answering questions by Representative McCallister, Stevenson said that small contractors would have been glad to bid on construction work, but that they were not permitted to do so. He gave as his opinion that the work could have been done quicker and much cheaper by letting it in smaller contracts.

One foreman by the name of Hon. John Stevenson said, told him that he was getting two percent commission on all material purchased from the Little Hardware Company.

Major General E. F. Glenn, commandant at Camp Sherman, was expected to testify later today.

New Nation-Wide Bomb Plot Bared In Cleveland

Alleged Bomb Makers In Wholesale Arrests

CLEVELAND, O., Oct. 29.—Seven persons, six men and one woman, charged by the police with being identified with radicals in another plot to terrorize the nation by a series of bomb explosions next spring, were being held by police today and others were being sought in what is expected to be a national cleanup of revolutionists.

Five men and one woman were arrested last night and a sixth man was arrested this morning. One of the men under arrest is believed to be the bomb-maker who made and placed the bomb which on June 2 partially wrecked the home of Mayor Harry L. Davis.

Police in several eastern cities have been asked to arrest a man said to be the leader of the plot.

Those held by the police are: Theodore Leroux and Steve Matoka and his wife, Helen, charged with having explosives in their possession; George Treder, charged with being a suspicious person, and three men whose names the police are withholding, two of whom are said to be terrorists internationally known as radical followers.

Four raids were made by police last night on information gathered by officers who have been working on the case for two months.

A tip from Chicago that Central Police Station here was to be blown up soon, hastened the raids which had been planned for a few days hence.

Senate Rejects Amendment

WASHINGTON, D. C., Oct. 29.—The Moses amendment to the peace treaty, last of those proposed by the foreign relations committee, was rejected today by the senate. The Johnson amendment, defeated last week, dealt with voting power in the League of Nations.

The vote was 29 to 47. Of those voting for the Moses amendment, the Republicans were—Cott, Egan, Hale, McFadden, Keays, Johnson, McNary, Nelson, and Sterling—voting with the Democrats in opposition.

By a vote of 47 to 21, the senate held on the table an amendment by Senator Sherman, Republican, Illinois, that a reference to the duty to write in the preamble of the peace treaty.

U. S. CAPITAL AND LABOR TO JOIN UNOFFICIALLY IN LABOR CONFERENCE

WASHINGTON, D. C., Oct. 29.—Representatives of labor and capital in the United States will participate unofficially in the international labor conference, which began its sessions here today, and Secretary Wilson, of the labor department, who called the conference to order, will be named president.

It will probably be lengthy, he said, and will cover all aspects of the problem. He brought out that it will not be specifically an answer to the present plea but to discuss the chief executives stand as one of the incidents of the strike situation.

"As a matter of fact," he added, "this organization does not know officially that President Wilson ever intended such a statement. No copy of it has come to us."

"Did any one in this conference defend the president's stand?" he was asked.

"Not one," he replied.

The committee, which is to draft the public statement, consists of William Green, secretary-treasurer of the union, and the following district presidents: Philip Murray, Pennsylvania; John Moore, Ohio; Edward Stewart, Indiana; Frank Easton, Illinois.

These districts comprise the bulk of the central competitive fields. Their executives reported to the conference that the union men were 100 percent in favor of the Cleveland wage policy and similar reports came from other districts.

It was indicated by several members of the conference that its business probably would be wound up tonight. The executive board of the union will meet in separate session tomorrow.

The government is prepared to take drastic steps to deal with conditions arising in the coal fields if the executive board of the United Mine Workers of America permits the strike order to stand. This became known today after Federal Fuel Administrator Garfield had been summoned from Massachusetts to discuss the situation with Secretary Tamm.

Mr. Garfield left a memorandum on the coal situation for President Wilson. He was implicit that the strike could be averted and that it would not be necessary to realize the full administration, which under the Lever fuel control act still would retain all its war time authority over the nation's fuel supply.

20 MEN TRAPPED IN MINE

AMSTERDAM, O., Oct. 29.—Twenty men are trapped in mine Number two of the Youghiogheny and Ohio Coal Company and a fire was raging in the mine at 2 p. m. caused when an electric fan caught fire in an entry about noon today, according to company officials. No explosion occurred and all efforts are being made to rescue the imprisoned men.

COLUMBUS, O., Oct. 29.—The state mine rescue car left Columbus in a special train shortly after noon today for Amsterdam, Ohio, where 18 miners are reported entombed in a mine that is on fire. The train has been given a clear right of way and should reach Amsterdam about five o'clock this evening.

SURFACE MINERS TO JOIN STRIKE

BELLAIR, O., Oct. 29.—Drivers, cutters and shovel men employed in striping and surface mining of soft coal in various parts in eastern Ohio, although not classed as miners and not allied with the United Mine Workers of America, will go out in sympathetic strike when the soft coal miners cease their work, November 1.

Surface mining is a comparatively new operation in Ohio. In many localities where the deep seam of soft coal gradually rises to the surface, the coal can be stripped with large sweeps and steamshovels. After removing a layer of from 10 to 40 feet of dirt, only about ten percent of the mining activity in this district is surface mining.

COLUMBUS, O., Oct. 29.—If they hastened the passage of the national prohibition enforcement act over the veto of the president.

The radical prohibitionists have overtopped all bounds of decency in utterly disregarding the president's judgment and wishes and have made it manifest that they are more anxious to assure home-incoming legislation than they are to be fair.

UNION OFFICIALS REFUSE TO MODIFY ORDERS TO STRIKE

INDIANAPOLIS, IND., Oct. 29.—The strike order of the United Mine Workers, effective Friday midnight, stands. After two hours discussion, the conference here today of officials of the big union, it was announced, had no idea of modifying the call for a cessation of work. President Wilson's proclamation on the threatened industrial war had no influence in the conference, it was stated.

The grounds on which this decision was reached will be explained in a statement to the public which probably will be issued late today. A committee to draw up this statement was appointed and given three hours in which to prepare it, the conference adjourning until four p. m.

As explained by Ellis Searls, editor of the union's magazine and official spokesman for the conference, the statement will not reflect the Association people the exact situation from the miners' standpoint.

It will probably be lengthy, he said, and will cover all aspects of the problem. He brought out that it will not be specifically an answer to the present plea but to discuss the chief executives stand as one of the incidents of the strike situation.

"As a matter of fact," he added, "this organization does not know officially that President Wilson ever intended such a statement. No copy of it has come to us."

TELEGRAPHERS WANT STRIKE VOTE

ST. LOUIS, MO., Oct. 29.—Twenty-one general chairmen of the Order of Railway Telegraphers in session here, believe a strike vote should be taken in the Chicago district to enforce an approximately five cents an hour wage increase award made last December by former Director General of Railroads William G. McAdoo, according to a statement today by E. J. Munton, president of the order. Munton said he would authorize the vote if the chairmen requested it, but counseled moderation.

SHOPMEN MAY MAKE DEMANDS

PITTSBURGH, PA., Oct. 29.—The convention of delegates representing railroad shopmen of the country, in session here, had under consideration today the question of presenting an ultimatum, relating to their demands for wage increases for craftsmen and helpers, to the railway employer's department at Washington.

A committee, appointed to draw the ultimatum, was expected to report back to the convention before the close of the day.

Some delegates have urged that a strike be declared, effective December 1, unless the demands are met, while others have expressed the opinion that such action would injure the cause of labor.

Goodyear Solid Tires Score Beyond 16,000 Miles on Reitz Bros' Truck

"In August, 1917, we applied two of your Goodyear Solid Truck Tires on the rear wheels of our one-ton truck, and to date they have covered 16,000 miles, which we consider very good service. We can recommend Goodyear Tires and the service of the Home Vulcanizing Company to anyone seeking low-cost-per-mile tires."—A. J. Reitz, The Reitz Brothers Company

DAY in and day out for more than two years Goodyear Solid Tires have carried the Reitz truck over both good streets and bad.

And in this service they have worn down evenly, and so slowly that, even after 16,000 miles of travel, they still appear equal to more wear.

Your interest in this story lies in the opportunity it suggests to you—to save on your delivery costs by using low-cost-per-mile Goodyear Truck Tires and our Goodyear Service.

As a Goodyear Truck Tire Service Station, it is our business to know, after a careful analysis, what type and size of truck tire—Goodyear Solid, Cushion or

Cord Pneumatic—will best meet your trucking needs. A Service Before Application.

Then we are ready to apply these tires at your convenience and in the shortest possible time, to conserve the truck's working hours. This is our Service Of Application.

And, after the tires are on, we watch them carefully to help you get the last mile of the thousands Goodyear has built into them. A real Service After Application.

Reitz Brothers have found Goodyear Tires and our service advantageous—why not you?

FIREBRICK MAN DROWNS; BODY FOUND

The body of Russell E. Cox, aged 20, was found in the Ohio river at

Fernbank near Cincinnati several days ago when he fell off the snag boat Woodruff. He was recovered yesterday near the scene of the drowning.

Cox was a firebrick man, who was employed as a deck hand on the boat. Cox was well known at Fernbank, where he leaves relatives and friends.

Colored Couple Fined

A \$10 gold piece got William Wylie, and their conviction in police court a colored young man into a jock of last night. During the hearing the trouble yesterday, after he complained woman testified that Wylie was in the habit of visiting her at night and the police that Mary Smith, a dusky maiden of Eleventh street, had taken the coin and refused to give it up.

The investigation which followed resulted in the arrest of both Wylie and the woman on statutory charges which they arranged to pay.

DISCUSSING WAGES WITH GOVERNMENT

WASHINGTON, Oct. 29—The first wage demands of railroad employees to reach the stage of decision since the strike of shopmen precipitated a general labor crisis last summer were up for discussion today between Director General Hines and President W. G. Lee and the strike committee of the Brotherhood of Railway Trainmen.

Mr. Hines, it was expected, will be guided in his decision by the policy laid down by President Wilson, under which no general wage increase would be given until the government had a chance to reduce the cost of living. Another important question is that of time and a half pay for overtime.

These Red Peppers, who have been kicking up considerable dust in the Masonic League race, threw a boot in their battle with the Diamonds at the Play House alley and lost all three games, shutting them to a tie for fourth place honors. While this was taking place the Lemons were leading the Scribes a two in one hiding at the Pennant alley. Gradually the players in this class league are rounding in to form and ere long the scores will begin to assume respectable proportions. Some fine work was done last night—individually speaking. Captain George Patton of the Scribes, that far a total of 524, the first time this well known fellow has gotten into the limelight. He shot steadily and accurately and was feeling pretty chipper when it came his time to migrate to the 1911 Top for rest. George's team lost two out of three but it was not his fault. While it may seem a bit strange and some people may question his accuracy but the fact remains that Edward Hickey qualified for a chair in the College of Bowling by his work of last evening. He totalled 505 and is wearing his hard earned honors with dignity becoming a regular hero. Past President C. E. Nozler got into the game last night for the first time this season and showed the exercise he has been getting at Clarence had electrified his muscles and perfected his accuracy. He shot for a total of 504 and put all kinds of pep into the Diamonds. Ernest Ernon, lead off

BY VALENTINE MOTT PIERCE, M. D.
Lately, an Italian nobleman fell sick about his forties birthday from excessive eating and drinking, and was told by his doctors to make his will, that he could not live the life he led. This was back in the 18th century. He, however, dismissed the doctors, and made a study of himself to discover just how little food he could eat and still feel well. He died peacefully at the age of 104 years.

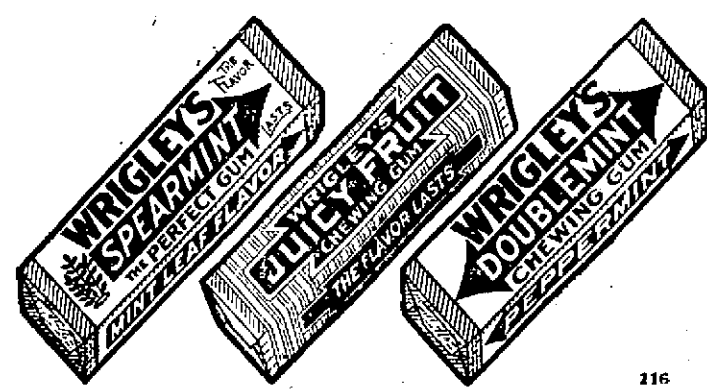

As a medical man, now fear a recurrence of the influenza epidemic is well for every one to be on his guard.

In view of the seriousness of influenza as a result of toxemia (poisoning of the system), it is most essential that treatment be directed towards prompt casting out of the toxins, or poisons, from the body. This means that the excretory organs—the bowels, skin and kidneys—should be excited to their best efforts to throw out the poisons. Every one should clean house—internally—and thus protect himself from many germ diseases, by taking castor oil, or a pleasant laxative, such as Dr. Pierce's Pleasant Pellets, which are made of May-apple, senna and jalap. MISS DOLLY WISE

Dear Dolly—Why does the "MATE" triangle have "ROSE" draped over it? OBEYER.

To chase the "blues," don't you think?

My Dear Miss Wise—I am coming to you for a little advice. I am a married woman, have no children. My life seems very unhappy to me. I have gone away from my husband several times and I always come back after staying away for three months. Now I wish you would please tell me why I always come back. Miss Wise, my husband always treats me nice and kind when I come back. I have met several gentlemen friends that I seem to care for a great deal, but I can never forget my husband, although I'm not satisfied when I'm with him. I am thinking of going away again now. What do you think I'd better do, go and try to forget him, or stay with him?

SAD WOMAN.

If he is kind to you, stay with him and throw all your life into making him happy. Through making him happy you will be content for happiness comes through service. You are allowing yourself to need that excitement which is your undoing. Draw up short, or you will be racing to a tragedy you will never get away from. Now is the time to take a stand and as you know your husband and he is good to you by all means stay with him. Don't think of other men. Take a little child to rear for that would give you something to do.

MISS DOLLY WISE—I am a girl 17 years of age and I am in love with a boy 19 years old and he says he loves me and wants me to marry him. I love him better than anyone. Is it all right for him to kiss me, or hug me? He says I am pretty. Tell me what you think. I am tall, have blue eyes and light hair and fair complexion.

ANNOYED TO KNOW.

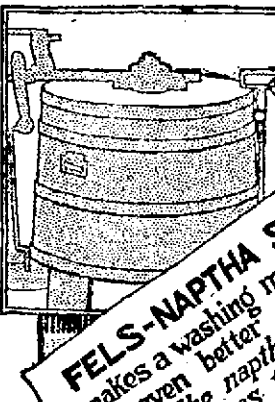

You are too young to allow a serious strain to interfere with the pleasure your youth is due. For instance, suppose you two rushed into marriage. What a young, little, inexperienced wife you would be to a young, unmarried boy of 19. It would be tragedy. So I suggest that you show some strength and common sense and keep away from that more serious phase of your friendship, at least, for two or three years. Love, real love is a treasure that time cannot steal, you know. A few years won't kill it either.

Dear Miss Wise—I am seventeen and my brother is fifteen and we work to support our family. We have four younger in the family and our father was killed a year ago in an accident. I have what you would call a good job, but it is very hard work and I do not want my younger brothers and sisters to have to work so hard. My mother does not believe in much schooling and wants my sister to go to work when she is fourteen. I work overtime now to save money so that she will not need to work and can go to school. She likes to study. She will be fourteen in November.

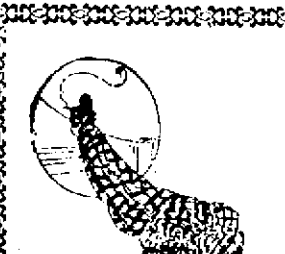

Could my mother make her stop and go to work? She is not strong.

MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss. — "Eight years ago I was suffering with pain and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dressmaking besides my housework. You are at liberty to publish my letter if it will help some poor suffering woman."

Mrs. J. C. SANFORD, 1227 Second Ave., Laurel, Miss.

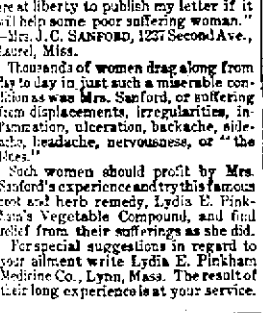

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, sideache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Sanford's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.

ceived. During the first part of the afternoon, Mrs. Lena Kling Reed and Mrs. Londa Wendelken presided at the coffee table, which was later presided over by Mrs. H. S. Grimes and Mrs. Samuel M. Johnson. The dining table was beautiful with its center, a large pumpkin, filled with bright, colored dabbles. Here the delightful refreshment course was served by a coterie of attractive young girls, including Mrs. James S. Abgarian's cousin, Miss Charlotte Pitts of Columbus, Leon Apple, Margaret Maupin, Helen Dowling, Elizabeth Armstrong, Sue Gould and Jane Chandler. Autumn leaves made appropriate favors for the occasion, and were pinned by Miss Evelyn Reed. Throughout the afternoon the soft, sweet strains of music furnished by M. Z. Haines Trio, helped to make this a memorable affair in social circles.

One of the largest and most enthusiastic meetings of the Missionary Society of the First Christian Church was held at the home of Mrs. F. W. Sheridan, 1411 Grandview avenue, last evening, the secretary, Mrs. David Lemon, reporting 67 members present. The chief feature of the evening was the reports made by the various delegates who attended the International Convention of the Disciples of Christ held in Music Hall, Cincinnati, recently. All the reports were interesting and instructive and the delegates were evidently greatly impressed with what they saw and heard, judging from their enthusiastic reports. The devotional exercises were in charge of Mrs. Archie Bright. Quite a number of men were present. The society, which is known as the Christian Woman's Board of Missions, has planned for a more active campaign than ever. The year just closed showed a wonderful growth not only in membership, but in the matter of giving. The society gave about eight hundred dollars as its contribution to the Victory Gift at Cincinnati, the money being raised within two weeks time. It is thought the gift of the best society was exceeded by but three societies in the state and is a testimonial that speaks volumes for the membership. Mrs. Charles H. Oakley presided as chairman of the night's session, and her report concerning the convention was most comprehensive one. At the conclusion of the business session, refreshments consisting of pie and coffee were served. All present had a most delightful evening.

After a week's visit at McArthur, Athens, Coleridge and other points, Mrs. T. C. Lantz and Mrs. W. L. Lantz have returned home, having had a most enjoyable visit.

Mrs. H. Rogers of Grand Rapids, Mich., who has been spending a month with her sisters, Mrs. Vincent of Union Landing and Mrs. W. W. Rogers of Portsmouth, returned home today. —Frontier Register.

The Old Town Ladies Aid will meet with Mrs. Lewis of Third street, Newry, Thursday afternoon at 2 o'clock. No refreshments, but a business meeting. All members are requested to be present.

Mrs. Chris Grimes of New York and her daughter, Mrs. Mary Savage of the Terris will go to Gloucester, Thursday afternoon, to visit with their daughter and sister, Mrs. Peter Rogers for a few days. Meet me at Nye's Fountain.

Mrs. Russell Stockham entertained her Sunday school class of Trinity church and a number of their friends on Tuesday evening at her home on Grant street. Mrs. Stockham and Mrs. O. V. Correll had charge of the picnic and awarded prizes for the most graciously dressed and Miss Mabel Coe the prettiest. Patricia Dyer invited the guests to see the lost and the broken down tramp. Later in the evening Charles Oakes as a guest told the girls' fortunes.

Evelyn Johnson created much merriment, asking puzzle questions. The ladies were assisted by Marjorie Mann, Margaret Donnelly, Mabel Oakes and Mrs. Correll in serving refreshments to the following guests: Violet Jones, Edith Kaps, Mabel Coe, Katherine Welch, Margaret Donnelly, Virginia Bayless, Mella Jones, Hazel Bailey, Marjorie Mann, Dorothy Dressler, Elizabeth Knost, Martha Morgan, Ruth Hastings, Helen Hopkiss, Mary Margaret Tener, Ruth Belcher, Roma Reinicker, Lillian Barry, Nina "Nag" Compton, Evelyn "Jackie" Johnson, Helen Zolner, Dorothy Patton, Willa Gline, Jean Paley, Vera Stewart, Dorothy Bache, Alice Baker, Virginia Goetz, Virginia Blake, Bernice "George" Dyer, Charlotte Frawley, Mabel Oakes, Bertha Louise Sellards, Dorothy Zuker, Ruth O'Leary, Charlotte Hicks, Virginia Giesler, Garnet Berkley, Katherine Elliot, John and George Stockham and Floella Berkwell.

For the pleasure of Miss Latta Adams, Mrs. C. L. Stiff of 2212 Union avenue entertained with a Halloween party Monday evening when she entertained Liberty Class of Trinity church. Miss Adams celebrated her birthday anniversary Monday. The evening was spent in vocal and piano music, after which refreshments were served, consisting of sandwiches, pickles, cake, fruits and coffee.

Those present were Mrs. M. L. Stephenson, Mrs. Lella Lindey, Mrs. Marie Duncan, Mrs. Lee Duncan, Mrs. Mabel and children, Mrs. Pierce, Mrs. Turner, Mrs. Brown, Mrs. Guy Aukley, Mrs. Virgil Cornutt, Mrs. Charles Ditch and sons, Edward and Elmer, Mrs. Frank Geiser and daughter, Mary Louise, Mrs. Eva Joseph, Miss Lela Morris, Miss Mary Tumbleton, Mrs. Nellie Tumbleton, Mrs. Myrtle Ditch and daughter, Mrs. Martin Newman, Mrs. Willard Bertram, Mrs. Levi Crookshanks, Mrs. Clarence Dinkel, Mrs. V. L. Carsons, Mrs. A. Teiglob, Mrs. Floyd Gabel, Miss Lella Adams, Mrs. Stiff and children, Charming and Yearney.

Mr. and Mrs. Walter Richards of West End returned to their home Tuesday afternoon after attending the last race of her sister, Mrs. Fannie Pitts of Sandy Springs.

Mr. and Mrs. George L. Galdeman have moved a flat in Capital Court, East State street, Columbus, and will occupy it next week. While Mr. Galdeman is visiting his brothers here, Mrs. Galdeman is visiting home folks in South Webster.

Mr. and Mrs. James Newman of Columbus are spending a few days with local relatives.

Miss Vera Crawford left today for Baltimore where she will visit friends.

Jones Gives Tax Views

Editor Portsmouth Times:

In your editorial recently "It Is Ever Thus," you state that the tax rate in New York City is three dollars (\$3.00) and that the assessment is "heavily swollen." I wish to call your attention to the fact that the assessment in New York City is not three dollars (\$3.00) but three dollars and thirty cents (\$3.30).

Classification in times past, chief New York State and City is having the model tax laws. If such laws eventually result in increased assessments and three dollar tax rates, it is not the duty of every voter to vote NO on the Classification Amendment at the November election. I have never been able to see where the advocates of Classification produce an argument to show why a man who owns his home, worth, say \$2500, should pay more tax than the man who has \$2500 worth of other property.

Respectfully yours,

LAURENCE JONES.

THE DOCTORS SPEAK

Turn again to the testimony of Scotch county doctors in today's paper.

They say that a beverage containing two and three quarters percent alcohol by weight is intoxicating. Do you want your child peddled around in wagons like ice cream cones and sold to your boys and girls? If not, vote the long word on the long ballot and the short word on the short ballot.

Atkins's Greatest Treasure.

Of all the treasures in Alaska, the gold is the most valuable. Unlike mineral wealth, they can never run out, for, in comparison of their power of reproduction, they can yield under two conditions a large and continuous resource for an indefinite future.

Demand for imitation leather.

Imitation leathers of various grades and colors have a ready market in Alaska at this time, and the trade is growing. Write a letter to the nearest dealer in the district and he will send you a sample of the material.

Plant Life in Books.

We have all heard of the worms that live in books and do so much damage. But what is not known is that these little book worms have plants which grow inside their covers. As a French scientist has discovered, most books show traces of plant life on their leaves and in some cases this life is considerable enough to constitute a veritable miniature botanical garden.

The plant life in books shows itself in the form of tiny yellowish, black or reddish spots, which are so often seen on the leaves of both new and old volumes. These plants are nothing more or less than a low form of mushroom.

With a microscope, the tiny plants can be seen, and a protective covering of glass, which is placed over the sides of the book, keeps the colored liquid which spreads through the pages.

HOLLAND QUEEN TO VISIT EAST INDIES AS A PEACEMAKER

Queen Wilhelmina, her latest picture.

Queen Wilhelmina of Holland plans to visit the Dutch East Indies in the near future, it is reported. Her visit is to be for the purpose of bringing about better feeling between the natives and the Holland residents in the islands, among whom there has been friction. Elaborate plans are being made to welcome her.

TO RATION SUGAR

WASHINGTON, D. C., Oct. 28.—

Rationing of sugar to manufacturers of candy, soft drinks and the like is to be suggested by the sugar rationing board, a house war investigating committee was told today by Herbert Hoover, former federal food administrator. "This step by the board, Mr. Hoover said, resulted from the fact that 'raw' sugar has risen beyond the point where it can be profitably advanced to the housewife."

OTTAWA, Oct. 28.—MI committee for the shipment of sugar to the United States were cancelled today by the Canadian trade commission and no more licenses for special exportations will be issued. The export of sugar at border points which has been permitted to some extent has been stopped.

Color Photography.

To further color photography a New York man has invented a camera in which two plates are exposed at once, a perforated mirror that permits light to reach one plate reflecting it also to the other.

YOUR DRUGGIST KNOWS

A robbery was staged in the center of the Albert Zoellner jewelry store, gold chains and other articles of the business district early this (third and Chillicothe streets, and morning when a bold burglar snatched made his get away with valuable property, including watches, gold rings, and jewelry.

The robbery occurred about 3 a. m. and was discovered a short time later by Merchant Police Officer Charles Hans, who gave the alarm, and then followed a man hunt by all the officers of the city. The patrolmen remained on duty until nearly seven o'clock this morning, and the city was secured in a vain effort to round up the robber.

The robber used a part of a brick-bat to shatter the glass, and it was wrapped in a copy of a newspaper to deaden the sound. The window smashed was the south glass in the front of the store.

A strange man was seen loitering about on Chillicothe street, near the store, just before the robbery, and he is believed to be the guilty one. He

was described as being 25 to 30 years old and wore a black coat, light pants and a slouch black hat. This man is believed to have stayed at the Plaza Hotel Monday night.

Mr. Zoellner was unable to estimate his loss this morning, but he said it was considerable.

The store was robbed in a similar manner on January 12 last, when Jimmie Roberts, young colored man, shattered a show window on the Third street side of the building and secured considerable booty, which was recovered a few hours later through the arrest of the robber, Roberts, confessed and was later sent to the Mansfield reformatory.

When Admiral Farragut missed his shave

WHEN ADMIRAL FARRAGUT lightened his ships to lead them boldly over a treacherous Mississippi River bar and fight the great battle of New Orleans, he worked without ceasing for ten nights and days, eating and sleeping when and where he could.

His shaving had to be postponed. Yet no amount of physical or mental work could dull the fighting edge of the man who said: "Damn the torpedoes—go ahead!"—and the razor that he used was like him—time-tested in principle—keen-tempered, dependable—perfectly balanced. If Farragut's razor lacked any modern feature, it was simply the extra convenience and safety of the guarded and two-edged

SOCIETY

A pretty fall wedding was solemnized at eight o'clock this morning in Holy Redeemer church, when Miss Martha Louise Tremble became the bride of John William Messner. In the presence of a large assembly of relatives and friends of the young couple, the Rev. Father J. E. McGuire read the service. Proceeding the ceremony Mr. C. E. Keane played Holy Redeemer hymns, and later Miss Martha McGuire at the organ executed a program of music and Miss Margaret Kilgore sang several appropriate songs. The strains of the wedding march from Lohengrin announced the approach of the bride, who was lovely in a white satin with filmy overdress of ecru. Her veil, the length of her hair was arranged on her hair with a band of orange blossoms, and her bouquet was of delicate pink roses. The groom's sister, Miss Margaret Messner, was the maid of honor and was quite attractive in a frock of apricot-ecru over pink satin, with black belt and cluster of deep pink roses. Mr. James Sheehy of Columbus acted as best man.

After the ceremony, a wedding breakfast was served at the home of the groom's parents, Mr. and Mrs. Edward Messner, 1022 Eleventh street, where only the wedding party and immediate relatives were present.

The table, beautifully arranged, was made more attractive with the snowy wedding cake, upon which was placed the pair of clasped hands in wax. It had been used twenty-seven years ago when the bride's parents, Mr. and Mrs. May Tremble were married. The day was given over to family, as many of the intimate friends of the couple were present for a luncheon and dinner. Among those who attended were Mr. and Mrs. Person, Mrs. (Mrs. Tremble) of Chicago, and Mrs. Albert Reimold of Wisconsin.

After a wedding trip of several days, Mr. and Mrs. Messner will reside at 200 Robinson avenue. The groom is a N. A. W. Blacksmith.

All the members of the Loyal Workmen of the Grandview Avenue Church are urged to attend the day quilling party at the church Thursday. Bring lunch and prepare to pass a pleasant day.

Mrs. Frank Baris has returned to Chicago after a visit with her daughter, Mrs. W. W. Anderson, of Brown street.

Mr. C. B. Lewis left today for his home in Dayton after a visit of six weeks with Mr. and Mrs. E. E. Moser, of Elizabeth street.

Mrs. John Lewis and son John of West street, have gone for a two-week visit with her sister, Mrs. Lewis of Dayton at Tipppecanoe City.

The Hattie Brown of 831 Eighth street, left today for a visit with her sister, Mrs. John Lindsey of Geneva, in Allegheny county.

After the usual meeting last evening, the Redskins joined in a festive-ecru party, when about seventy members attended, many of them in masquerade costumes. At the close a delicious punch punch was served.

The home of Mr. and Mrs. F. L. Brown on Summerville was the scene of a remarkable Tuesday evening, when fifty members of the Loyal Workmen of Franklin Avenue Church, representing speakers, clowns, and many attractive girls, enjoyed a real Halloween with all sorts of stunts, music, and games.

The committee, composed of Mr. and Mrs. W. W. Gray, Mr. and Mrs. Ralph Manning, were responsible for the delightful evening, which concluded with a delicious punch.

THE CHESTNUT SEASON BRINGS FOND RECOLLECTIONS

Political Pot Begins To Boil At New Boston

The political pot is boiling at New Boston as the day of election comes while the Socialists are doing much for the workers.

The three majority candidates, Joe Allen, Republican, John Adams, Democrat, and John Harris, Socialist, are making a stiff fight, each having his friends out, shaking the land of good fellowship and handing out cards announcing their candidacy.

Allen is the present incumbent, and Harris is making his third race, having held office for two terms. Adams is seeking to run as mayor for the first time.

Meetings are being held by the Republicans and Democrats to organize their fellowworkers for the election.

The Democrats held a meeting at the home of Frank Emmett, candidate for Council last night. It was a gathering of the party present.

The Republicans will hold a meeting tonight in Millbrook Casino at eight o'clock when they will complete organization plans. Dr. W. C. Cheney will be the chairman tonight. Plans will be made for a big rally to be held at the Casino Monday night when a speaker from Portsmouth will give a Republican address.

The Republican rally in the Fourth ward, Hon. George Matthews, who won Tuesday night was a successful battle for the party and the origin of the battle was not far from the city street and candles lighted and automobile headlights turned on to the crowd.

Even with this assistance, the crowd was a fair crowd gathered for the election.

Howard Harris, former member of Company K, acting as chairman for the party.

The party in the name of the home of Mr. and Mrs. E. E. Barry was the scene of a special party last evening when their daughter, Miss Mildred Barry, celebrated the girl's sixteenth birthday.

At the party, a number of guests were present, and the evening was a very successful one.

One should always hesitate to question another's patriotism or loyalty.

However, these are times when DEMANDS SHOULD BE MADE upon those seeking to serve the public in high offices, that they be 100 PER CENT. AMERICAN.

The people of this community well know the war record of the Democratic candidate, along with the other members of his family.

War profits and the comforts of home rather than the hardships of military training, the bullets and mud, were their selection, in order that they might live to see the day when they could again aspire to office and thereby SAVE DEMOCRACY

That time has come. And we find them asking the citizens of Portsmouth to grant one of their members, the highest office in the municipality.

The Republicans are united and are voting the straight Republican ticket.

Famo Stops Seborrhea The Dandruff Disease

No other hair remedy even remotely resembles FAMO.

FAMO kills the dandruff germ and stops the unhealthy flow from the sebaceous glands.

Every ingredient in FAMO is well known to physicians.

But none of these ingredients were ever before applied to saving the hair.

Edience perfected FAMO in one of the latest pharmaceutical houses in Detroit—famous for its laboratories which supply physicians all over the world with medical goods.

FAMO not only kills the seborrhea microbe but it makes the scalp and hair as clean as that of a baby.

It ends all itching of the scalp.

Even when baldness has already appeared (unless the hair roots are absolutely dead) FAMO will encourage and stimulate the growth of new hair.

Many women say FAMO has caused their hair to grow from four to six inches.

FAMO retards grayness and strengthens the natural color. It contains no alcohol to dry the scalp and produce gray hairs.

It makes the hair luxuriant and lustrous and if there is a tendency to saviness FAMO intensifies it.

FAMO should be used by every member of the family.

It can safely be used on the head of the baby as there is nothing in FAMO that will harm the tenderest scalp.

Used on the head of growing children it will make the most unruly hair soft and easy to comb.

Young women find FAMO a peculiarly fine hair dressing. It makes the hair fluffy and full of life.

If you have dandruff you have seborrhea.

Seborrhea is as dangerous to the hair as psoriasis is to the teeth.

So if you have dandruff not a day should be lost in applying FAMO.

Not until FAMO has cleared your scalp of the deadly dandruff bacilli is your hair safe.

Even if you have no dandruff now you should use FAMO so that dandruff will be kept away and to make the hair fluffy and beautiful.

FAMO comes in two sizes—35 cents and an extra large bottle at \$1. It is sold at all toilet goods counters.

Applications at all the better barber shops. Your money will be refunded if you are not satisfied.

Seborrhea is the medical name for a scaly, itchy, inflamed skin on the scalp. The seborrhea bacteria cause it, and it is caused by all common causes as dandruff.

Pizen Bill Released

"Pizen Bill" Kennedy, who was bound over to the grand jury from police court a few days ago on a charge of cutting with intent to wound "Casey" Jones, gained his release from the county jail Tuesday, when D. A. Ferns came to his rescue and signed his bond.

Kennedy slashed Jones across the face with a knife during a drinking bout in the West End. It is said, but both claimed it was an accident when brought into court.

"CUTIE" SMASHES SMASHER

She was small and trim and she wore a big cape, held closely about her as she hurried on Sixth street, towards Chillicothe, about 10:45 o'clock last night.

Two young men, evidently returning from some Halloween celebration, and feeling the free masonry of the occasion, greeted her, "Hello, Cutie, where y' goin'?" But the woman gave no indication of having heard. One of the young men turned, quickened

his steps and, as he came abreast of her, inquired, "What's the hurry? Let's talk things over." As he spoke he placed a detaining hand upon her arm.

Then there was a resounding smack on the young man's jaw and as he reeled another punch caught him in the solar plexus. He sank to the sidewalk.

The woman paused only long enough to deliver the blows, then she hurried to the Sun theatre, where she is appearing this week and reported the incident to Manager Fitzhugh Lee. Mr. Lee and several other attaches of the theatre went to the scene, but when they arrived the young man had disappeared.

The woman is Miss Della, of the Della Della Trio. She is one of the strongest women on the stage. But she is small and when she wears a big cape, closely about her, you'd never suspect the phenomenal strength she possesses.

WITH THE SICK
Miss Della, of the Della Della Trio, is ill with tonsillitis. Thomas Welby, one of the plainer citizens of the city, is ill at his home on Sixth street.

Hull M. Atkins, daughter of Mr. and Mrs. Willie Atkins of Sixth street is recovering from an attack of typhoid fever.

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare.

In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.

In 1883 Huelick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product HUELICK named **MILKED MILK**. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

Varga Wins From Young Sandow; Turns Trick With Toe Holds

Big Crowd Enjoys Work Of Mat Artists

Joe Varga, the local wrestler, again kept him on the defensive. When last night he defeated Young of the "Terrible Turk" who came down from Ironton, where he is showing the first fall in 21.10, losing the second on an inside croch and necking at 1.20 and taking the third and deciding fall in 11.20.

Varga got both his falls with toe holds and inflicted considerable punishment on the big fellow before the latter would concede the fall. The match proved to be very interesting, Sandow showing considerable skill on the mat, for the very fact that Varga was lighter, was against the big fellow, the local man bewildering him with his speed and his ability to work out of all places.

Varga's strength surprised both the boys and Sandow, as several times he held the Chicagoan off the mat by the legs and threw him down. Sandow himself had little chance to use his immense strength as Varga was too light for the greater part of the time.

AKRON, O., Oct. 29.—Bob Martin, of Akron, heavyweight champion of the American Expeditionary and Allied Forces, won his first professional bout when he won from Joe Bonds, of New York, at the end of the tenth round of a scheduled fifteen-round contest here last night, when Referee Matt Hinkle stopped the bout.

Ohio State Idle Saturday

Ohio State is idle Saturday, which is an off day in its schedule. The team has three more games, Purdue, Illinois and Wisconsin. The latter eleven recently beat Illinois, 14 to 10.

Luque Still Pitching

Adolph Luque continues to pitch for the Havana team despite the ruling that no world series player is allowed to take part in any post-season games. As Luque probably is getting \$300 for Connish.

Ohio Games Saturday

COLUMBUS, O., Oct. 29.—While Ohio is entertaining Western Reserve, an effort to keep their record clean from defeat, Ohio football interest this Saturday will be concentrated at Dayton, where Miami and Denison clash in their annual struggle. For Miami it will be a test of whether Oxford can take back the Oberlin defeat last Saturday, while Denison so far has a clean slate.

Ohio State, favorite for the Western conference title, will be idle after its victory over Michigan last week, and participation of the hard games with Indiana, Wisconsin and Illinois soon to follow.

Other Ohio games will be: Ohio University at Ohio State; Miami at Case; Mt. Union at Akron; Ohio Northern at Wooster; Cincinnati at Wittenberg; Muskingum at Wilmington and Bethany at Marietta.

In the Western Conference three games of vital importance to title contenders are on the cards. Chicago and Illinois will play at Urbana, where the Illini have a real battle on their hands. Minnesota and Wisconsin at Madison will furnish entertainment for their annual huge crowd. Michigan is all set for Northwestern at Ann Arbor.

Iowa plays South Dakota; Indiana battles with Notre Dame. Purdue is expected by the Michigan Argosy and Iowa State invades Nebraska.

Concrete ship ball club at San Diego stacks up as first class minor club.

Elmer Hill, above at left, the Davis at bat and below, Tom Deane.

Diego, Cal., stacks up well with the class minor league clubs, according to its recent achievement. The shipworkers recently defeated the Los Angeles Pacific Coast league club 5 to 4 in an eleven-inning battle. The Argosy were runners-up in the Coast league. Vargen, native son of Elmer Hill, sancti phoen, pitched for the shipbuilders. Tom Deane is manager. Davis, shortstop, was tried out by Washington last year.

ALL STARS ARE HERE SUNDAY

Mr. Robinson of the Columbus All Stars sent a telegram to Mr. Putzke of the N. & W. eleven yesterday, saying that the date of Nov. 2 was satisfactory to his team and that the team would be here Sunday noon, ready for a fast game.

Mr. Putzke also had a telegram from the manager of the Oakleys of Columbus, but as they only average 115 pounds, the offer of the game was refused. The Oakleys wanted to come also on Nov. 2.

The N. & W. had a snappy signal practice last night in the big space in front of the N. & W. freight depot on Gallia street, several street lights there affording plenty of light for the various plays drilled upon. Captain Montgomery will have a crowd lineup to put on the scullion against the Columbus team Sunday.

To Talk In Ironton

IRONTON, Oct. 29.—Capt. T. H. Johnson, manager of the Lawrence county day federation, received word today that Judge A. Z. Biles of Portsmouth would arrive here Sunday for the purpose of addressing the mass meeting to be held at the first M. E. church next Sunday evening. Judge Biles is a special speaker and a large crowd will be expected to hear him.

WHAT'S DOING IN OHIO CONFERENCE

COLUMBUS, O., Oct. 29.—Except for Miami, leaders in the Ohio Conference for football this season were successful in keeping their status in last Saturday's engagements. By virtue of its winning invasion of Miami territory, Coach Metcalf's eleven is considered for and away from the best chance to annex the 1919 title.

Five teams have unbroken strings of wins in the conference standing to date. Oberlin has vanquished Heidelberg, Ohio Wesleyan, Mt. Union and Miami. Baldwin-Wallace, Western Reserve and Case, and that of Miami, which does not hold membership in the circuit. Akron has beaten Baldwin-Wallace, Ohio University and Ohio Northern, but has four strong teams slated for November.

Denison, leading with Wittenberg, the two eleven might stand a long way from Ohio Northern. Oberlin's eleven is the only one to be successful against Miami and Heidelberg. Wittenberg, the latter lost in the center of the conference.

Of the teams that in last Saturday's action were defeated, Miami and Wooster do not count, and Heidelberg, Ohio University and Case are the remainder of the Ohio Northern left on its schedule. Heidelberg is the only team that has not won a game since its defeat. It might run into a snag some time this week, as it is scheduled to play Case on Saturday.

Wooster has three victories in Ohio Northern, Akron and Kenton to credit. It is a stronger opponent in the latter circuit. Although the latter to date has not won a game, it has been very successful. Denison, it should be noted, has three victories in play. Coach Metcalf's eleven might stand a long way from Ohio Northern. Oberlin's eleven is the only one to be successful against Miami and Heidelberg. Wittenberg, the latter lost in the center of the conference.

HUNTINGTON TUNING UP FOR P. H. S.

HUNTINGTON, Oct. 29.—Huntington High will journey to Portsmouth Saturday to play the much improved team of the Portsmouth High School. This game is expected to be a hotly contested battle for the local gridders. The Peedless City aggregation has been strong for the past few weeks and has developed a team unlike that of other years.

It is considered very doubtful by Coach Wilson whether Captain Stuart or Clato Fizer will be able to appear in the lineup for the Portsmouth game. Both boys have suffered severe sprains. Coach Wilson, who is already preparing for the P. H. S. team for the championship battle with Parkersburg, stated last night that he wished a remarkably good game at hand, has been strong for the past few weeks and has developed a team unlike that of other years.

Local Gridders Given Strenuous Practice

Coach Robert Hess, of the High School team is not expecting and expects victory over Huntington high school's eleven on Milledgeville Saturday afternoon as he had the locals on the practice field until after dark last night. The first team will be put through stiff practice in all the various plays every afternoon this week.

A scrimmage was held with the second team yesterday, Coach Hess making changes on the first team where the scrimmage showed up weak spots. They will try a new system of play on the visitors Saturday using surprise plays with straight football which is expected to bring victory to the locals.

The team is not to be short of service of Captain Dick Anderson who is getting about school with a running back. A. J. Bunnell, Tech, quarterback, Harry Schaefer, Case, head, and Harry Deere, State, field judge.

BASKETBALL LEAGUE IN COUNTY

County Superintendent E. O. McCowan called a meeting of all the superintendents of the First Grade High Schools of the county, Monday, October 27. Pursuant to this call, the following superintendents were present: E. K. Stafford, of Lucasville; H. H. Hines, of Sciotoville; M. C. Hall, of Wheelersburg; and W. K. Wilson, of South Webster.

The purpose of the meeting was to arrange for basketball games to be held during the winter. A silver loving cup will be given to the school for permanent possession, that wins the greatest number of games.

The following schedule was worked out and adopted:

- Nov. 7—Wheelersburg at Lucasville.
- Nov. 11—Sciotoville at Lucasville.
- Nov. 14—South Webster at Lucasville.
- Nov. 18—Lucasville at Sciotoville.

"Clay Bats" Fall Victims To Cunning Of "Blisters"

Thanks to the splendid work of Wendell Stanten, the Blisters took three right hand running from the Clay Bats at the Whitaker-Gleason, Fellowship, all-day, last evening. Stanten, shooting as much men for the Blisters, took 24 and ended his good evening with a 210 score. "History" Hines of the Clay Bats was the second best marksman of the frays but he is not at all proud of his showing and hopes to do better the next time out. Outside of the work of Stanten and Hines nothing that would make a feature was turned in, unless reference could be made to the second game of Mr. Munger, who tried to cover his 50 up by running back with 119. The score:

PLOT FOR NATION-WIDE REIGN OF TERROR NEXT SPRING REVEALED

CLEVELAND BARES PLAN OF RADICALS

CLEVELAND, O., Oct. 29.—Discovery of a radical plot to spread terror throughout the nation series of bomb explosions next spring was announced by the police here today following the arrest last night of five men and one woman, suspected of having planned the destruction of the Central police station.

Believing they are members of an anarchistic circle that has been working in more than 100 cities, the police questioned the group all night in an effort to learn details of their plans or the extent of their organization.

The arrests were made in four simultaneous raids, following information that an attempt was to be made to bomb Central police station here. One of the men is believed by the police to have been active in bombing Mayor Harry L. Davis' home June 2, last.

With the prisoners the police captured a large quantity of high explosives, one complete bomb, several incomplete bombs, a number of automatic pistols and a supply of ammunition and much anarchistic literature.

The police detained the bombs were similar to those used in the bombing of Mayor Davis' home. They believe the arrests will lead to apprehensions in other cities in connection with the country-wide bomb outrages, which occurred last May and June.

Detectives were sent from here last night and today to co-operate with police in other cities.

14 Dead And 21 Missing Toll Of Lake Disaster

MUSKEGON, MICH., Oct. 29.—Twenty-one persons were officially accounted for early today and fourteen were known to have lost their lives in the sinking yesterday of the Crosby line lake steamer Muskegon, which was driven into the pier by the gale she had battled across Lake Michigan from Milwaukee, and pounded to pieces by the heavy sea. Coroner James Ballinore and Crosby line officials stated they believed all the missing had perished, the captain was unable to give the names of those unaccounted for, but thought they included four of the crew and three passengers.

With calmer seas today, officials began searching the hull of the vessel which sank from sight in fifty feet of water last night. Some of the missing, it was believed, had been trapped between decks when the steamer rammed the pier.

PREDICTS OHIO WILL REPEAL STATE-WIDE PROHIBITION

COLUMBUS, O., Oct. 29.—L. H. Gibson, manager of the Ohio Home Rule Association, in a statement issued today, predicted voters of Ohio next Tuesday will repeal state-wide prohibition and defeat the Cripple prohibition enforcement bill.

Gibson declared radical drys in congress are aware of the sentiment in Ohio, which he said was the reason they hastened the passage of the national prohibition enforcement act over the veto of the president.

"The radical prohibitionists have overstepped all bounds of decency in utterly disregarding the president's judgment and wishes and have made it manifest that they are more anxious to secure home-invasion legislation than they are to be fair."

EYES OF NATION TURN TO MEETING OF MINERS' DELEGATES IN INDIANA

INDIANAPOLIS, IND., Oct. 29.—Members of the United States Mine Workers of America met here today to take final action on President Wilson's appeal that the nation-wide strike of bituminous coal miners or realization of the seriousness of their undertaking. Not a man among them, however, was aware that the national and state governments were lined solidly against them and that the government was backed by widespread public opinion that the miners' act in the strike was wrong. On every hand they have met with expressions of the grave consequences attending the threatened strike on the verge of winter.

Discontinuance of the production of all parts of the country were here today, for while it originally was planned to hold only a meeting of the executive board of the organization and in addition such action would not be taken until suffering among millions of the country's inhabitants. Despite the strike order he rescinded, Acting President John F. Lewis broadened the scope of the conference. As a consequence, 25 district presidents of the mine workers, the full scale committee, composed of 32 members, and the board of executives, comprising a representative from each of the 29 districts, are in attendance. All of those present, it was stated, will have a vote.

The delegates entered the conference this morning sobered and with realization of the seriousness of their undertaking. BAN ON SALE OF BEVERAGES WITH "KICK" IN THEM IS MADE ABSOLUTE BY MEASURE

WASHINGTON, D. C., Oct. 29.—Armed with the drastic provisions of the prohibition enforcement act, which became effective as to war time prohibition with passage by the senate of the measure over the president's veto late yesterday, agents of the bureau of internal revenue today took up the task of making absolute the ban on the manufacture and sale of liquor.

The few remaining saloons in the United States were legally open today for the sale of beverages containing less than one-half of one percent alcohol. Sale, as well as manufacture, of beverages of more than that amount of alcohol content laid the saloonkeeper as well as the brewer or distiller, liable to heavy penalties. But despite its drastic provisions, the law could not touch the man who had stored up a supply in his own home for his own use.

The internal revenue bureau will be backed up by the department of justice, which will conduct prosecutions from evidence obtained by the bureau's agents.

KNOXVILLE UNION MEN VOTING ON A GENERAL STRIKE

KNOXVILLE, TENN., Oct. 29.—White Governor Roberts, of Tennessee, was trying to arrange a conference here of officials of the Knoxville Street Railway Company and its striking employees, eight thousand union workers in the city were voting today on a resolution calling for a general sympathetic strike, to begin Saturday.

In the meantime, fifteen hundred troops, federal and state, were held in readiness to quell any attempt at disorder.

The presence of soldiers is resented by union leaders, and the strike resolution declares the walk-out, if voted, shall remain effective until the troops are withdrawn.

STRIKE LEADER TO SPEAK

CANTON, O., Oct. 29.—Following a night of quiet around the steel plants, interest this morning in the Canton strike situation turned to the scheduled address of W. Z. Foster, strike leader, who is to speak in Eagles hall this afternoon. Police say they do not anticipate any trouble at the meeting.

Reports from the plants which have been crippled by the strike are that more men went to work this morning in answer to appeals by the managers to men to return under promised protection of the state, county and city.

OPENING STOCKS

NEW YORK, Oct. 29.—Steel shared with motors and oils in the strong time at the opening of today's stock market, being favorably influenced by the quarterly statement of the U. S. Steel Corporation. U. S. Steel rose only a point but advances in allied stocks, notably Republic, Lackawanna and Bethlehem were more extensive. General Motors, the recent feature, gained four points at the outset, affiliated issues rising 1 to 2, while leading equipments advanced to 3 points. Fuel shipping and tobacco shares also participated substantially in the advance.

SURFACE MINERS TO JOIN STRIKE

DELAWARE, O., Oct. 29.—Drivers, engineers and shovel men employed in stripping and surface mining of soft coal in various parts in eastern Ohio, although not classed as miners and not allied with the United Mine Workers of America, will go out in sympathetic strike when the soft coal miners cease their work, November 1.

Surface mining is a comparatively new operation in Ohio. In many localities where the deep seam of soft coal gradually rise to the surface, the coal can be stripped with large excavators and steamshovels, after removing a layer of from 10 to 40 feet of dirt. Only about ten percent of the mining activity in this district is surface mining.

Varga Wins From Young Sandow; Turns Trick With Toe Holds

Big Crowd Enjoys Work Of Mat Artists

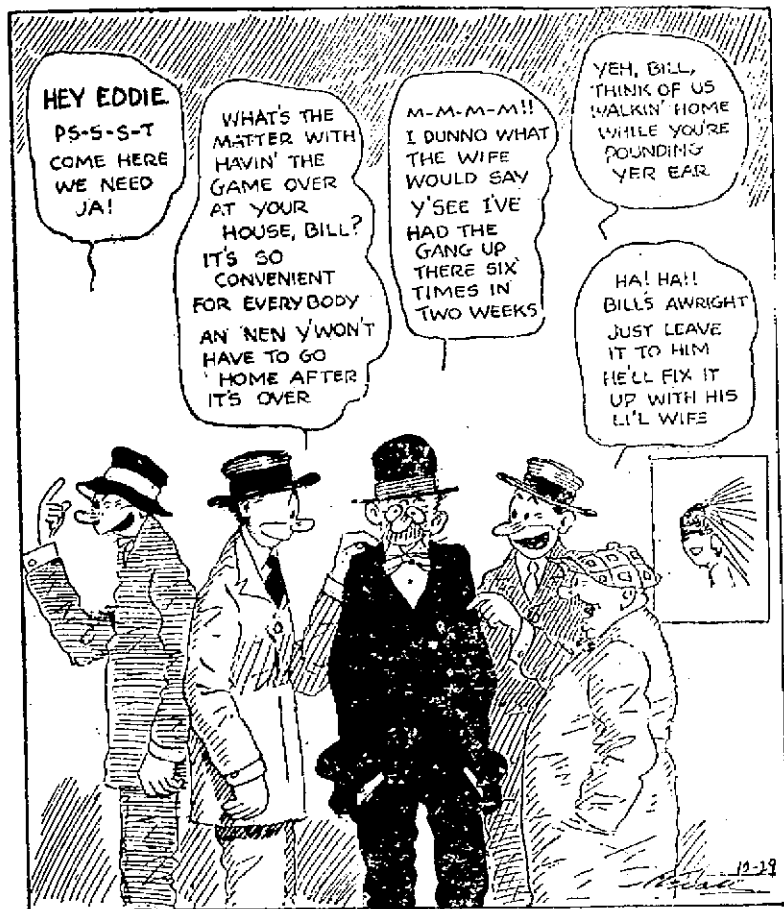

Joe Varga, the local wrestler, again kept him on the defensive. He constructed his ability on the mat. Interest was added by the presence of the "Terrible Turk" who came down from London, where he is showing the first fall in 31.40, losing the log with a street fall, to challenge the second on an inside catch and nelson, winner. Joe Nussa, a Syrian wrestler, who has a national reputation, also headed out a challenge to Varga, and no doubt Varga will accommodate them both in the near future.

Sandow became a little peered when he found he could not pick Varga up. He was very interested. Sandow showed considerable skill on the mat, but the very fact that Varga was fighting against the big fellow, the local man bewildering him with his speed and his ability to work out of bad places.

Varga's strength surprised both the fans and Sandow, as several times he forced the Chicagoan off the mat. Sandow threw him down. Sandow himself had the chance to use his immense strength as Varga was held him the greater part of the time.

Ohio Games Saturday

COLUMBUS, O., Oct. 29.—While the Ohio State football team is out of action in an effort to keep their record clean from defeat, Ohio football interest this Saturday will be concentrated at Dayton, where Miami and Denison clash in their annual struggle. For Miami it will be a test of whether Oxford can come back from the Ohio defeat last Saturday, while Denison so far has a clean slate.

Ohio State, favorite for the Western Conference title, will be idle after its victory over Michigan last week, and in anticipation of the hard games with Purdue, Wisconsin and Illinois soon to follow.

Other Ohio games will be—Ohio University at Ohio Wesleyan; Hiram at Case; Mt. Union at Akron; Ohio Northern at Wooster; Cincinnati at Wittenberg; Muskingum at Wilpington and Dayton at Marietta.

In the Western Conference, three games of vital importance to title contenders are on the cards. Chicago and Illinois will play at Urbana, where the Illini have a real battle on their hands. Minnesota and Wisconsin at Madison will furnish entertainment for their annual huge crowd. Michigan is all set for Northwestern at Ann Arbor, Iowa plays South Dakota; Indiana battles with Notre Dame, Purdue is opposed by the Michigan Aztecs, and Iowa State invades Nebraska.

ALL STARS ARE HERE SUNDAY

Mr. Robinson of the Columbus All Stars sent a telegram to Mgr. Putzok of the N. & W. eleven yesterday, saying that the date of Nov. 2 was satisfactory to his team and that the team would be here Sunday noon, ready for a fast game.

Mgr. Putzok also had a telegram from the manager of the Oakleys of Columbus, but as they only average 145 pounds, the offer of the game was refused. The Oakleys wanted to come also on Nov. 2.

The N. & W. has had a snappy signal practice last night. In the big space in front of the N. & W. freight depot on Gallia street, several street signs there afforded plenty of light for the various plays drilled upon. Captain Montgomery will have a strong lineup to put on the gridiron against the Columbus team Sunday.

WHAT'S DOING IN OHIO CONFERENCE

COLUMBUS, O., Oct. 29.—Except for Miami, leaders in the Ohio Conference for football this season were successful in keeping their status in last Saturday's engagements. By virtue of its winning invasion of Miami territory, Clark Mendenhall's eleven is conceded for all away the best chance to annex the Ohio championship.

Three teams have broken strings of wins in the conference standing to date. Oberlin has vanquished Heidelberg, Ohio Wesleyan, Mt. Union, and Miami. Webster has annexed the remnants of Baldwin-Wallace, Western Reserve and Case, and that of Hiram, which does not hold membership in the circuit. Akron has beaten Baldwin-Wallace, Ohio University, and Ohio Northern, but has four strong teams carded for November.

Denison, besides being with Wittenberg, won from Ohio Northern, Oberlin and Heidelberg. Wittenberg was successful in keeping its status in the conference, the latter not in the conference.

On the home front, Oberlin and Webster are not moving, and should both be successful in the remainder of their schedules, a tie for the championship would ensue. Oberlin has Hiram, a non-conference member, Western Reserve and Case to oppose. On form shows so far, the rejuvenated masthead should win.

Webster has three rivalries in Ohio Northern, Akron and Kenton to overcome and a stranger opponent in Mt. Union, although the latter to date has been very successful. Denison, if she can crack the Miami nut the coming weekend in the annual contest between the two eleven's, might stand a good show of finishing in front, although she has Ohio Wesleyan as a rival, not to mention Heidelberg, Ohio University and Kenton.

Wittenberg, with two victories a tie with Denison, and no defeats, has a good chance to finish in front. Oberlin and Ohio Northern left on its road, where it might run into a snag somewhere in this quarter. Akron, with eleven probable not in the class of the other leaders. "The Rubber City" has Mt. Union, Western Reserve and Case to overcome.

Miami, until it succumbed before Oberlin's masterful attack, was considered to be the best bet for the season's honors. In suffering their first defeat in three seasons of play, Coach Little's charges saw their hopes for the title practically snuffed out.

HUNTINGTON TUNING UP FOR P. H. S.

HUNTINGTON, Oct. 29.—Huntington High will journey to Portsmouth Sunday to play the much improved team of the Portsmouth High School. This game is expected to be a hotly contested battle for the local gridlers. The Fearless City aggregation has been strong for the past few weeks and have developed a team unlike that of other years.

It is considered very doubtful by Coach Wilson whether Captain Staveland or Clara Fizer will be able to appear in the lineup for the Portsmouth game. Both boys have suffered severe sprains. Coach Wilson, who is already preparing for the P. H. S. team for the championship battle with Parkersburg, stated last night that he wished to save these two boys as much as possible for this game. Parkersburg will be played one week from Saturday.

Last evening the Red and Blue team went through an hour of signal practice with a vim and enthusiasm that showed the boys were working hard for the coming battle.

In order to strengthen the line, Coach Wilson made a few changes yesterday. Carter, who has been playing a remarkably good game at guard, has been shifted out to the position of tackle. Yesterday he showed up very well in this position. The work of handling the guard position will be left to Hagen and Britton.

Local Gridders Given Strenuous Practice

Coach Robert Hess of the High School team is not expecting an easy victory over Huntington high schools on the oblique Saturday using one of the local teams on the practice field until after dark last night. The first team will be put through stiff practice in all the various plays every afternoon this week.

A scrimmage was held with the second team yesterday, Coach Hess made changes on the first team where the scrimmage showed up weak spots. They will try a new system of plays on the oblique Saturday using one of the local teams on the practice field until after dark last night.

The team in doubt will be short the services of Captain Dick Anderson who is getting about school with a cane. Halfback Wilson is also out of grass due to amount of concussion. An effort will be made to have Wilson in the game for Saturday. Should Wilson be out of the game, Frankie will probably play at quarterback with Shanon at halfback with Strimatter. Strimatter will play fullback.

Huntington has requested that one of town officials to present as the game will be an edge. The officials selected are Earl Frazier of Meigs, referee, C. A. Burdick, Tech, umpire, Robert Schy, Case, Head Linesman, Harry Doerr, State, field judge.

BASKETBALL LEAGUE IN COUNTY

County Superintendent E. O. McCowan called a meeting of all the principals of the First Grade High Schools of the county, Monday, October 27. Pursuant to this call, the following superintendents were present: E. K. Stafford, of Lucasville; H. B. Reed, of Sciotoville; M. C. Hall, of Wheelersburg; and Wm. K. Wilson, of South Webster. The purpose of the meeting was to arrange for basketball games to be held during the winter.

A silver loving cup will be given to the school for permanent possession, that wins the greatest number of games.

The following schedule was worked out and adopted:

Nov. 7—Wheelersburg at Lucasville.
Nov. 11—Sciotoville at Lucasville.
Nov. 21—South Webster at Lucasville.
Dec. 5—Lucasville at Wheelersburg.
Dec. 12—Lucasville at Sciotoville.
Dec. 19—Lucasville at South Webster and Sciotoville at Wheelersburg.
Jan. 9—Wheelersburg at South Webster.
Jan. 16—South Webster at Sciotoville.
Jan. 23—Sciotoville at South Webster.

Feb. 6—Wheelersburg at Sciotoville.
Feb. 13—South Webster at Wheelersburg.

In order that the people and the pupils of the schools that are in the contest may see the cup, it will be on display at the following places:

At Lucasville Oct. 21 to Nov. 7.
At Wheelersburg Nov. 7 to Nov. 11.
At South Webster Nov. 11 to Nov. 21.
At Sciotoville Nov. 21 to Nov. 23.
Games played under Southeastern Athletic Association Rules, except each team pays its own expenses and the home team furnishes a light lunch to the visiting team.

"Clay Bats" Fall Victims To Cunning Of "Blisters"

Thanks to the skillful work of Wheelersburg, the Blitters took three right hand running from the Clay Bats at the Whitehouse, following the Blitters last evening. Stated, stating as author men for the Blitters, took 101 and made his second victory with a 100 score. "Clay Bats" Himes of 101.

"Clay Bats" was the second last number of the series but he is not at all proud of his showing and hopes to do better the next time out. Outside of the work of Stated and Himes, nothing that would make a team of the Blitters a reference could be made to the second game of Mr. Munster, who tried to cover his 101 by venturing back with 100.

The scores:

RED BLOODED LEGISLATION

A committee in the senate has reported to the full body an act to make the exhibiting of the red flag or advocating the overthrow of the government a definite crime, with severe penalties attached.

It is high time we were having some red-blooded legislation to meet red agitation.

No matter what is said to the contrary and no matter what the result thereof, the public looks upon the red flag as something sinister, a challenge and insult to the country's flag. That is a reason, if there were nothing more, why it should not be flaunted in front of patriotism.

Serious in its own just purpose this government has been altogether too lenient and too tolerant of attacks upon itself. The time has come by when such can be longer safely tolerated as vagaries and harmless follies. The spirit behind them is getting malign and destructive, if it were not always so.

This is America. In the largeness of its heart it offered refuge and freedom to the oppressed of all lands. It gave in this offer more than its heart than its brain. It welcomed the unworthy as well as the worthy and safe-harbored them. It now learns to its sorrow that this was a mistaken policy. If men do not like this country, they should move on; if they protest in the wrong way and to destruction, this country should move them on, as the bill provides.

SMALL HOPE VANISHES

PRESIDENT Wilson's veto of the measure to put teeth in the national prohibition amendment produced general surprise and wrought consternation to one side of the embattled hosts thereof and a glimmer of hope to the other.

His reason, which was that the measure combined two phases of prohibition, war emergency and peace legislation and was therefore ambiguous. His idea being that the war emergency, having served its purpose, should be repealed and the proper steps taken by themselves to make national prohibition effective.

It would seem, however, that he is not to be supported in this position by congress. In fact both houses have already overridden his veto.

Perhaps a majority of the congress may regard his veto as well taken, but the liquor question is a hateful one, especially to legislators and the impelling force with them was to get rid of it in the shortest way possible, which was by re-passing the measure over the President's head. It may be believed too that the majority there than relishes even a half pretext for running counter to his recommendations.

So that as it may, the probabilities are altogether that John D. Rockefeller is down and out for keeps and he will not be permitted to breathe so much as a few days breathing spell.

Chicken fanciers seem to be increasing in Scioto county and by the way taken we notice the prices of eggs and poultry ever soaring. That may be accounted for in the story we hear about one of the fanciers that haunts this office and we believe also raises a few on the side. The boys say every chick or bunny he sees brought into the world costs him about three times the market price.

May be after all Mexico needs only to have the clamps put on her to make her behave prettily. It was a merry enterprise for her to kidnap an American consular and demand one hundred and fifty thousand dollars for his ransom. However, notice, that when Uncle Sam stamped his foot down and notified Carranza the man was returned, returned at once, without a dollar and the hair of his head hurt, that very thing was done.

Senator Miles Pindexter announces he is a candidate for the Republican nomination for president and submits a platform along with his announcement. Miles may be all right, but does anybody outside of Oregon, or is it Washington that he hails from, know what sort of a man he is.

Horror piles on horror. The Republican majority in the senate today intimates it may be December before a vote on the peace treaty may be allowed. And they are the same "gents" who were so tardy at the slowness of the peace conference.

It hits 'em all. Last Saturday the governor of New York was telephoning friends in New York city to try and get him ten pounds of sugar.

Now they tell us Petrograd is sure to fall. May be so, still that is a very distinctly comforting after having he told twice a day for six months that Petrograd had fallen.

Hi Johnson got his in the senate Tuesday, his amendment to the peace treaty being defeated. That is well as far as it goes, but it goes a mighty little ways, measured, by the length necessary.

New - York - Day - By - Day

BY
O. O. MCINTYRE

NEW YORK, Oct. 28—

For five years now,

I've owned a yachting cap.

But the nearest

I ever got to yachting,

Was the Staten Island ferry.

Until I met A. M. Andrews.

Who is a banker.

And has money.

And a huge yacht.

And I hinted around.

Until he asked me:

To take a little cruise.

And I got out the cap.

And a pair of white pants.

And on my way.

Up to the yacht pier.

Some lowdown truck driver.

Took a look at me.

And yelled:

"Hello! White off the yacht pier!"

And being quick at repartee,

I yelled: "Is that so?"

And I had him good.

And when I got to the pier.

There were a lot of people.

Including a theological student.

With foot-and-phases.

And we started talking.

Whatever that is.

Up and down the sand.

And suddenly it got dark.

And the wind blew.

And lightning flashed.

And I told Mr. Andrews.

If it was all right with him.

I'd like to get off.

I had an engagement.

But he said the ocean.

Was entirely too choppy.

To land just then.

And I said "O!"

And the yacht began to rock.

And dip away down.

And the theological student.

Rushed up to the skipper.

And said: "Is it dangerous?"

And the skipper looked serious.

And said in any moment.

We might all be.

On our way to Heaven.

And the theological student.

Clasped his hands.

And said: "What awful!"

And just then.

We lit against the pier.

ALBERT ZOELLNER JEWELRY STORE ROBBED AGAIN

WATCHES, RINGS, ETC. COMPRISE BOOTY

A robbery was staged in the center of the business district early this morning when a bold band of thieves smashed into the Albert Zoellner jewelry store, and made off with a large quantity of watches, rings, gold chains and other articles of jewelry.

The robbery occurred about 3 a. m. and was discovered a short time later by Merchant Police Officer Charles Hays, who gave the alarm, and then followed a man hunt by all the officers of the city. The patrolmen remained on duty until nearly seven o'clock this morning, and the city was scourred in a vain effort to round up the robber.

The robber used a part of a brickbat to shatter the glass, and it was wrapped in a copy of the Daily Times to disguise the theft. The window

Hon. Frank B. Willis To Talk In Square Tonight

WILL PAY RESPECTS TO SALOON TRAFFIC

EX-GOVERNOR FRANK B. WILLIS—

Who will speak in the Government Square, Gallia and Chillicothe streets tonight at 8 o'clock. He has appeared here on several occasions and is sure to be greeted by a large and enthusiastic crowd, as he is a forceful talker. He will talk under the auspices of the Sealed County Dry Federation.

The Hon. Frank B. Willis, former governor of Ohio, will speak here tonight on the Gallia street bachelorette at 8 o'clock.

He will speak in the interests of prohibition.

He is known throughout the state as a forceful speaker and has been heard here before. Arrangements are being made to accommodate a large crowd.

There will be a short musical program preceding the governor's address.

Mr. Willis, yesterday, spoke in Sidney. He will speak in Lancaster, Minerva and McDermott today.

He will be accompanied on his tour of this country by Rev. Wm. Pfeiffer of Columbus, who is speaking in this county in the interest of the Dry Cause.

Rev. Pfeiffer spoke last night at Waverly. He will speak tonight at South Webster.

Take Ride In Clouds

Aviator Kenneth Leaphart was kept busy yesterday at the Johnson farm landing, West Side, taking passengers for a jump among the clouds. Among those who rode the trip in the aeroplane were: John Pyles, R. J. Ross, Bernard Sommer, Raymond Pyles, Harry Webster and Miss Nell Carley, Portsmouth.

OBITUARY

The funeral of Mrs. Fannie Dryden Pitts, of Sandy Springs, who took her life Sunday by taking carbolic acid, was held at ten o'clock Tuesday morning from the Methodist church at Sandy Springs, with Rev. H. G. Carroll in charge, assisted by Rev. Picklesimer, of Vancouber. Rev. Picklesimer is a friend of the family.

Mrs. Pitts was born June 11, 1871, in Brown county, and was married May 6, 1893, and passed away Oct. 26, 1919.

Interment was in Sandy Springs cemetery.

James A. Gleen, of the American Cities Bureau, who is to manage the Chamber of Commerce Campaign, arrived in the city Tuesday night, accompanied by Mrs. Gleen.

He took charge of the campaign this morning and is making arrangements to open it in earnest in Portsmouth.

Mr. Gleen has just closed a big campaign in Indianapolis, Indiana, where over 3,000 members were added to the Chamber of Commerce organization.

Monday he spoke in Owensboro, Ky., where a campaign is now in progress. The drive for membership in the local campaign will start about Nov. 15th. Time preceding that date will be spent in an educational campaign, in which the schools and churches will be asked to cooperate.

The phone in the Chamber of Commerce office is Number 2379, and persons interested in the campaign may call there at any time. The office is located in the Turley building.

A committee room, seating about 50, has been arranged in the office and there many of the meetings of the campaign will be held.

INTERNATIONAL LABOR CONFERENCE OPENS AT WASHINGTON

WASHINGTON, Oct. 29.—More than thirty nations are represented here today for the opening of the International Labor conference, created by the treaty at Versailles for the improvement and standardization of labor conditions throughout the world.

In opening the conference, Secretary Wilson said he would designate the assembly as the "conference in the process of being organized," and by this interpretation he believes he is able to bring into the conference those states which have ratified the treaty can participate in the official conference.

The program for today, as outlined by the organizing committee, called by addresses by Secretary Wilson and John Barrett, director of the Pan-American union; the report of Arthur Fontaine of France, chairman of the committee, and organization of the assembly.

The dispute over the admission of the German and Austrian delegates was to be taken up today. Divided sentiment on this point was noted among the delegates.

After the conference session, tonight for the opening of the conference, the secretariat board will be elected at separate meetings of delegates representing governments, employers and workers. Officers will be elected tomorrow.

The first question to come before the conference when it settles down for business on Friday, will be the eight hour day and the 48 hour week.

DISCUSSING WAGES WITH GOVERNMENT

WASHINGTON, Oct. 29.—The first wage demands of railroad employees to reach the stage of decision since the strike of shopmen precipitated a general labor crisis last summer were up for discussion today between Director General Hines and President W. G. Leavelle of the Brotherhood of Railway Trainmen.

Mr. Hines, it was expected, will be guided in his decision by the policy laid down by President Wilson, under which no general wage increase would be given until the government had a chance to reduce the cost of living.

Another important question is that of time and a half pay for overtime.

PLAN VOTE TODAY ON THE MOSES AMENDMENT

WASHINGTON, Oct. 29.—Another effort to obtain a vote on the Moses amendment to the peace treaty was planned today by some leaders after the treaty was forced into the background yesterday by consideration of the prohibition measure.

The Moses amendment is the last of those reported by the foreign relations committee and provides for the ratification of the British, Canadian and Japanese treaties on the voting on prohibition, subjecting any of them which may arise in the League of Nations.

VA., Oct. 29.—After making a thorough investigation of the death of Arthur Willis, who died within an hour after being struck by an automobile driven by Carl Anderson of 510 Washington avenue, Chief Conn instructed Detective Carson to obtain a warrant charging murder. This warrant was sworn out before Judge D. W. Frampton yesterday.

GRANTED NEW TRIAL

JACKSON, Oct. 29.—The motion for a new trial in the case of the State vs. Everett Green, who was found guilty of second degree murder by a jury last Sept. 29, came up for hearing in Circuit Court with Judge Grimes presiding.

Judge Grimes sustained the motion for a new trial and set aside the verdict of guilty, stating no one of his grounds that the defendant was not properly arraigned, and as another that the verdict was too high. Judge Grimes is of the opinion that the offense committed by Green is only manslaughter.—Sun.
